

# Pear Commercial Interiors Extreme Valentine

In lieu of giving our traditional Valentine's Day gift, we are pleased to be presenting the Denver Children's Home (DCH), Colorado's oldest charitable institution, with an "Extreme Makeover" Valentine.

Throughout 2005, Pear Commercial Interiors will coordinate efforts for the DCH to receive fully renovated classrooms including new and modern furniture, carpeting and fresh paint.

In order to make this overdue upgrade a true success, we are asking our industry partners to consider making any type of contribution to this worthwhile cause. This will be a hands-on effort from start to finish and it would be great to have you by our side.

Founded in 1876, the DCH is a residential and outpatient treatment center for traumatized, abused and neglected children aged six to eighteen. As one of the only residential treatment centers that refuse to turn away indigent clients, DCH struggles financially. The DCH offers a positive alternative to psychiatric hospitalization, combining intensive therapy, individualized academic support, and advanced drug treatments for depression and other mental illnesses.

Your support will mean so much to the children at the DCH. Please let us know should you want to participate.
